GEOGRAPHY: People, Places, and Environments

Content Standard

Students in Wisconsin will learn about geography through the study of the relationships among people, places, and environments.

Standard A.12.2

Analyze information generated from a computer about a place, including statistical sources, aerial and satellite images, and three-dimensional models

Activity: Students will gather information about a music venue using the Melodies and Memories website located at <http://mkemelodiesandmemories.weebly.com/>

Directions: Use the Melodies and Memories website located at <http://mkemelodiesandmemories.weebly.com/>

Select two music venues and gather information throughout the website. Write a one page review describing the location of the venue, when it was in operation, what type of musical acts performed in the venue, and any other information you found fascinating.
